

SHERPA 18" GRAB-N-GO BAG

MODULAR STORAGE SYSTEM

The SHERPA 18" Grab-N-Go Bag can be placed at multiple places to provide storage solution. The bag has easy to use slide-on clips on the back. Slide the bag in seconds to the HD MOLLE Tailgate Panel and when you need it grab it by the handle on the top and go.

The bag also goes at the back of the seat below the headrest. The headrest is installed on the seat back with two rods that go in sockets in the seat back.

The rods have adjustment notches allowing the headrest to be positioned securely at several heights, and there are pushbuttons on the top of the seat back that release the headrest. By depressing the buttons on both sides simultaneously, the headrest can be removed. Removing the headrest and reinstalling it with the rods passing through rings or grommets in the Grab-n-Go bag allows the bag to be secured to the seat back.

Use a leather panel with grommets for the rods to pass through; the panel would have fasteners for attaching the bag – when the bag is removed the panel would stay in place on the seat.

CARE INSTRUCTIONS

The SHERPA 18" GRAB-N-GO Bag is made from heavy cotton duck canvas fabric and leather and is designed to give years of service on the road and trail. Canvas is very easy to clean and handle - a soft and dry bristled brush can be used to remove any loose dust or dirt.

If the canvas needs further cleaning, mix clean water and a small amount of mild detergent and use a damp towel or bristled brush dipped in the solution and scrub or rub the dirty areas gently. Lightly spray the canvas area with water to remove the soap residue and dry with a towel.

To keep the SHERPA Grab-N-Go Bag looking new longer, we recommend treating the fabric with Scotchgard Auto Fabric & Carpet Protector. Scotchgard provides excellent resistance to water, oil and stains and it doesn't change the look and feel of the fabric, so the fabric stays soft and colors stay true. Scotchgard comes in an easy-to-use spray bottle.

Note: Do not Dry-Clean, bleach or put in the dryer as these may potentially discolor the canvas or leather.
