

## SHERPA HD MOLLE Tailgate Panel

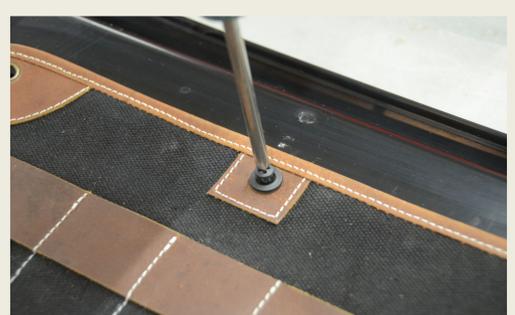

Heavy Duty MOLLE Modular Storage System

### INSTALLATION INSTRUCTIONS

Remove the tailgate trim panel. The trim panel is secured to the tailgate with a row of clips along the bottom and plastic tabs along the top. Pry up the bottom of the trim panel with a screwdriver (you can wrap tape around the screwdriver to prevent scratching the tailgate). Once you can get your fingers under the corner of the trim panel, gently pull the trim panel away from the tailgate until the first clip releases, then move along the bottom of the trim panel releasing each clip in turn. When all clips are released, the trim panel can be removed, freeing the tabs along the top from the slots. The trim panel will not be reinstalled.

The HD Molle Tailgate Panel installs to the five slots that held the trim panel tabs and five slots along the bottom of the tailgate. Insert a screw fastener through each grommet in the HD Molle Tailgate Panel and into the matching slot in the tailgate.

Tighten the each screw snugly, being careful not to over-tighten.

Heavy Duty MOLLE Modular Storage System

### INSTALLATION INSTRUCTIONS

The HD Molle Tailgate Panel is made from heavy cotton duck canvas fabric and leather and is designed to give years of service on the road and trail. Canvas is very easy to clean and handle - a soft and dry bristled brush can be used to remove any loose dust or dirt.

If the canvas needs further cleaning, mix clean water and a small amount of mild detergent and use a damp towel or bristled brush dipped in the solution and scrub or rub the dirty areas gently. Lightly spray the canvas area with water to remove the soap residue and dry with a towel.

To keep the HD Molle Tailgate Panel looking new longer, we recommend treating the fabric with Scotchgard Auto Fabric & Carpet Protector. Scotchgard provides excellent resistance to water, oil and stains and it doesn't change the look and feel of the fabric, so the fabric stays soft and colors stay true. Scotchgard comes in an easy-to-use spray bottle.

Note: Do not Dry-Clean, bleach or put in the dryer as these may potentially discolor the canvas or leather.
